

ahhMIGO™

BRINGING THE BEST OF NATURAL HEALTH TO ALL

Say ahh to... Ahhmigo, your friend for life

HEALTH, VALUE, INNOVATION

All in one on-the-go package.

Only the finest ingredients and formulations for a fresh mix at the push of a button. Unpasteurized. No preservatives.

Drink to good health!

GOOD HEALTH, SIMPLIFIED

Life in a bottle.

Drinking green wholefoods feeds your body on a cellular level, enhancing your health and well-being. But in today’s world this lifestyle can be difficult to sustain, so we developed a whole new way to bottle this good health and share it with our parents, family and friends.

FRESH INNOVATION

One push activation.
Our exclusive cap technology allows us to keep the life-enhancing ingredients sealed separately, fresh and unpasteurized until the moment you're ready to mix them.

WILD CAMU CAMU

Boosts your immune system.

Found in the lush Amazonian rain forest, Camu Camu contains more vitamin C than any other plant in the world. Just 100 mg contains 200% of the RDA for vitamin C. Rich in antioxidants and bioflavonoids, helps strengthen your immune system and enhances your overall health and vitality. This live source of vitamin C is non-acidic and gentle on the stomach, like a kiss of sunshine with wild and organic berries on top.

CHIA SEEDS

Ancient Aztec Superfood.

Strength, power, and stamina....all in a little seed.... Drink anytime to maintain endurance and stamina as the Aztecs did, hundreds of years ago. Great source of hydration and fiber for digestive health. Richest wholefood source of Omega 3s and a complete source of protein. A great food on the run. Say ahh to...Ahhmigo, your friend...for life.

Ingredients:
5 grams of Chia Seeds with natural spring water

Water that quenches your thirst... for life.

OUR WATER

Pure, great tasting, authentic spring water.

Aristocratic, bristling with history, quaffed by connoisseurs since the 1880's. Its unique mineral content and a perfectly balanced 7.0 ph earned international fame after winning the "Grand Prix" for beverages at the 1905 world's fair in Paris. People would flock to Eureka Springs just for this water and its known benefits. Fresh, distinct, impressionable. Leaves one thinking. The intelligent choice for a thirsty planet. Ahhmigo water, your partner in life

HIGH QUALITY, LOW PRICE

High Capacity Vertical Integration.

We strive hard to make our products affordable and accessible to all, without compromising quality. From injection molding to distribution... we do it all ourselves.

THE BENEFITS OF GLASS

Pure, healthy and sustainable.

Glass is the smartest and safest choice for you, and for the environment. It keeps products fresher for longer, preserves taste and appearance and has the ability to be infinitely recycled. In fact, glass is the only packaging material “generally recognized as safe” (GRAS) by the FDA.
